

Matua's top 7 safety guidelines for a safe and healthy establishment

MASK & SANITIZING

PLEASE USE MASK BEFORE ENTERING

Any employee or customer will be asked to leave the establishment if he/she does not adhere to this policy

All employees/customers will be greeted with a friendly staff who will ask you to sanitize your hands before proceeding into the restaurant.

HAND WASHING

Our employees have been given training on keeping our hands washed and clean throughout the day. With the recent pandemic, we have given the extra reminder to our staff on how this preventive measure is extremely important for our staff and customers.

TEMPERATURE CHECK-IN

All employees and customers will be subject to a temperature reading before entering the establishment.

SPOT CHECK

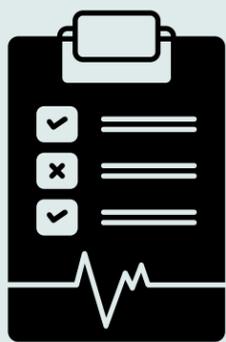

Our employees will be spot checking all areas of the establishment to maintain a safe and healthy environment.

Bathrooms will be checked on every 5-10 mins to be sanitized and ready for the next use.

ADDITIONAL SCREENING

Upon entering the establishment, all employees and customers will be asked a series of questions regarding recent travel, current health status and recent contact with anyone that has been quarantined or has had the virus.

What happens if an employee is sick or may have the virus?

Any employee that is ill will be subject to the following:

- Employee will be subject to a (2) week quarantine, and will be asked to bring in a doctors clearance;
- Management will conduct an internal investigation as to who he/she has come in contact with in the establishment;
- Any employee that has been in contact with the employee that is ill, will be placed on a temporary leave of absence and will be asked to obtain a doctors clearance before continuing assigned work shift;
- Matua's will shut down for a brief moment to re-sanitize the establishment to ensure a safe and healthy environment.

SOCIAL DISTANCING & CAPACITY

Our establishment has arranged a limited seating capacity to adhere to the 6ft social distancing guidelines.

Please remember to keep a safe distance for the safety of you and others.
